The image shows a screenshot of a Python IDE with two windows. The left window, titled "IDLE Shell 3.14.3*", displays the Python 3.14.3 startup message and the execution of a script. The script prompts the user to enter a number, and the user has entered 35. The right window, titled "assign 5.py - C:\Python314\assign 5.py (3.14.3)", shows the source code of the script, which defines a factorial function and calls it. The Windows taskbar is visible at the bottom, showing the time as 17:55 on 11-06-2026.

```
Python 3.14.3 (tags/v3.14.3:323c59a, Feb 3 2026, 16:04:56) [MSC v.1944 64 bit (AMD64)] on win32
