The image shows a Windows desktop with a taskbar at the bottom. The taskbar includes the Start button, a search bar, and several application icons: File Explorer, Edge, a folder icon, a blue icon, a green icon, a red icon, a black icon, a blue icon, and a white icon. The system tray on the right shows the date and time as 15:37 on 02-06-2026, along with icons for network, volume, and power.

Two windows are open. The first window, titled 'assign 3.py - C:/Python314/assign 3.py (3,14,3)', is a text editor showing a Python script:

```
for i in 'isaac hadjar':  
    print(i, '--->', ord(i), '--->', bin(ord(i)))
```

The second window, titled 'IDLE Shell 3.14.3', is a command prompt showing the execution of the script. It displays a restart message and the output of the script:

```
